

For this project, you will create a four page responsive website for a fictional restaurant or food shop. Remember that a responsive website should include a flexible layout and media queries to adjust your design as necessary. For the purposes of our project, you should have both a desktop and mobile design.

Grading – 50 points

Content – 10 points

- Clear purpose
- Ample relevant material
- Concise and well-written
- Logically organized

Design and Layout – 20 points

- Compliments content
- Consistent look and feel
- Good use of typography and spacing
- Polished
- **Flexible layout**
- **Desktop and mobile design**

Code and Technical Details – 20 points

- Correct and complete
- Clear, consistent, and logically organized
- Appropriate file structure
- **No pixels except for media queries, calculations included as comments**

Grading Scale
