

Overview

Create a polished responsive website on a subject of your choice. Remember that a responsive website should include a flexible layout and media queries that adjust your design as necessary. For the purposes of this assignment, your site's design should be optimized for all screen sizes.

Your website may include a component from Web 2's presentations for 4 points extra credit. The component you choose should make sense given the content of your site and should be styled as necessary to fit your design.

Requirements

- Design that is flexible and responsive, designed to work at all screen sizes
- All sources cited

Grading

This assignment will be worth 80 points, or 20% of your overall grade.

Please use the following questions to guide your work. These questions will be used by you and your fellow classmates during our critique and by me when I grade your site.

Design	50 points
<i>Is the site fully responsive and laid out correctly?</i>	20
<i>Is the design of the site polished and well-suited to the content?</i>	20
<i>Is everything styled appropriately?</i>	10
Content	30 points
<i>Is the content clear, concise, and well-organized?</i>	20
<i>Is all necessary information included?</i>	10
	<hr/>
	80 points total

Due Date

Post a link and brief description of your site as a new message on our Basecamp forum by Fri 12/9 at noon, as our critique begins. There will be no forum commenting for this project.
