

Overview

Create a polished three page responsive website on a subject of your choice using the grid system discussed in class to create your layout. Your site should include a page with a grid of at least 9 images.

Remember that a responsive website should include a flexible layout and media queries that adjust your design as necessary. For the purposes of this assignment, your site’s design should be optimized for desktop and mobile screen sizes.

Requirements

- At least three pages
- Use of a grid system
- Page with at least 9 images
- Design that is flexible and responsive
- All sources cited

Grading

This assignment will be worth 60 points, or 15% of your overall grade.

Please use the following questions to guide your work. These questions will be used by you and your fellow classmates during our critique and by me when I grade your site.

Design	50 points
<i>Is the site responsive?</i>	15
<i>Does the layout of the site make use of a grid system?</i>	15
<i>Is the design of the site polished and well-suited to the content?</i>	10
<i>Is everything styled appropriately?</i>	10
Content	10 points
<i>Is the content clear, concise, and well-organized?</i>	5
<i>Is all necessary information included?</i>	5

Due Date

Post a link and brief description of your site as a new message on our Basecamp forum by Sun 11/6 at midnight.

Critique and Forum Posts

Between the due date and our critique on Tue 11/8, look over your classmates’ projects and comment on 4 of them. Use the questions above as a guide. Failure to post these comments or attend and participate in the critique will reduce your grade on this assignment by 10% (6 points).
